

Ready to Read Workshop

a family workshop from 18 months to 3 years

Wednesday October 27

11am or 6:30pm

(Same content different times)

Parents and family caregivers are invited to bring their young children for this interactive early literacy workshop. Although your toddler is still very young, there are five things you can do with them regularly to help them have an easier time when they go to school, to give them a better chance at succeeding in their workplace, and set them on a lifetime path of success. You don't need lots of money, you don't need to have a college degree, you don't need to know how to read, and you don't need to know how to speak English in order to give your toddler important early literacy skills that will benefit them throughout life. All you need to do is Talk, Sing, Read, Write, and Play with them!
