# Helpful Hints For Our Plant Swap!

Suggested items to swap:

At least one labeled plant or item to trade or give away.

Seeds, cuttings, divided perennials, extra annuals, started seeds, gardening supplies and tools all are good examples for a swap.

Participants should label each plant indicating its species and set up in the designated swap space.

Gardeners should bring their own containers to take plants home in.

Vehicles will be parked and items will be swapped from trunks and tailgates, like a Halloween Trunk or Treat!

Come join the fun and build or expand your garden !
