

Wildlife In Your Backyard

Presented By

Howell Nature Center

Heal. Grow.
Be Wild.

Tuesday March 25 Pinckney Public Library

11am - Noon

www.pinckneylibrary.org

We share our world with wildlife, even our backyards! Howell Nature Center will introduce you to some of their Wildlife Ambassadors and teach you about the wildlife found around our homes! Learn their characteristics and behaviors, how they can benefit us, and what we can do to help them survive in the wild world. This is a live animal program at the Pinckney Public Library.
